Baton Rouge, LA

Dry Needling for the Chiropractic Practice

March 7-9 • March 21-23 • April 4-6, 2025
CAL Office – 10636 Timberlake Ave., Baton Rouge

Dry Needling is an effective treatment for acute and chronic pain as well as rehabilitation from injury. It is the perfect modality for chiropractors who want to expand their practice in a way that will help achieve more consistent results leading to increased referrals.

During this 53-hour program, the chiropractic physician will gain the knowledge and tools necessary to provide dry needling services safely and effectively. Each of the three weekend sessions will provide for hands-on training and include relevant anatomical review along with discussion of indications and contraindications. Along with risk management and ethical instruction.

Sessions 1 & 2

- Introduction to Dry Needling
- Why include dry needling in your practice
- Clean needle techniques (didactic & hands on)
- Basic safety concerns
- Indications and contraindications
- Basic dry needling techniques (didactic & hands on) for:
 - low back, hip & pelvic pain
 - Neck pain
 - Fibromyalgia pain syndrome
 - Shoulder pain
 - Knee pain
- Development of treatment plans and outcome expectations
- Coding & documentation
- Case studies & relevant research

Session 3

- Developing emergency protocols & learning to recognize potential medical emergencies
- Advanced techniques for low back, hip, pelvic and neck pain syndromes
- Advanced techniques for fibromyalgia pain syndrome
- Dry needling techniques (didactic & hands on) for:
 - carpal tunnel syndrome & other repetitive stress disorders
 - wrist, elbow & ankle pain
 - facial & head pain
- Case studies & research
- Practice pearls

About the Instructor

Dr. Tim Green graduated from Logan College of Chiropractic earning the Doctor of Chiropractic degree in 1998 and the Bachelor of Science in human biology in 1996. Post graduate work includes certification in Chinese herbology from the Kansas College of Oriental Medicine and diplomate status with the American Board of Chiropractic Acupuncture (ABCA) as well as becoming a Fellow of the American Society of Acupuncture. Dr. Green is also certified in dry needling through the American Institute of Dry Needling and is board qualified in thermography through the American Medical Infrared Academy. He served on the ABCA board for six years including terms as president and vice-president. He was also a member of the executive council of the Council of Chiropractic Acupuncture and Louisiana's alternate delegate for the American Chiropractic Association for 4 years. Dr. Green has practiced in Farmerville, LA for over 25 years where he operates an integrated practice working with patients from all over the United States and several foreign countries.

Registration open to chiropractic physicians only. There must be 30 registrants by February 6th in order to hold this class. So please register now!
